Dear Friends,

Our corporate partners make it all possible! Willow Center reaches thousands each year with our prevention outreach and life-saving services, **thanks to support from our community.**

We need your help.

To engage more strategically with our key corporate partners and meet the high demand for our services, we are so pleased to present this overview of **the ways to partner with Willow Center** for the upcoming year. Information about annual giving, event sponsorship, employee engagement and volunteering is enclosed.

Partnering with Willow Center means great networking, marketing and business exposure, a meaningful and fun experience for employees, and the knowledge that your company is making a difference.

Now, more than ever, consumers and employees are looking to businesses to tackle important social issues.

One in three women and one in four men will experience domestic violence in their lifetime.

The Center for Disease Control calls domestic violence a public health epidemic, and it is happening in every zip code. Domestic violence is a pressing social issue that demands a community response.

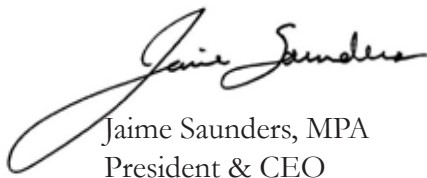

With your help, Willow Center is a vital resource for our community, sharing our message of hope and our vision of a community free from domestic violence, where healthy relationships thrive.

For more information on partnership opportunities with Willow Center, please call Larissa at (585) 232-5200 x230 or email LarissaB@WillowCenterNY.org.

We look forward to partnering with you to make a positive lasting impact in our community and to show how much our corporate partners care! Thank you!
